## MARION COUNTY RE-ENTRY COALITION

**For almost 10 years, the Marion County Re-entry Coalition (MCRC) has collaborated with various community partners to organize the Marion County Conference on Re-entry. In 2020, the COVID pandemic forced the MCRC to adapt by offering virtual mini-conference sessions throughout the year in lieu of an in-person event. This continued through 2023. In 2024, the MCRC will bring the in-person conference back! By sponsoring this event, you are ensuring that we can continue offering this event free-of-charge to direct line staff and leadership from community-based agencies that normally do not have access to high quality capacity-building opportunities.**

## Conference Objectives

The primary objectives of the Marion County Conference on Re-entry are to increase the capacity of individuals and agencies to deliver services to people returning from incarceration and to promote the delivery of evidenced-based interventions.

## Audience

Registration is open to anyone who would like to attend. The audience will include re-entry providers of all sizes and types. The majority of attendees are typically direct service providers who serve people impacted by the criminal legal system, as well as criminal justice agencies. This year, we will have the capacity to offer this conference to over 370 individuals. In order to remove any barriers to attendance, the conference is provided free of charge to participants.

## Community Sponsors and Partners

The Marion County Conference on Re-entry has the full support of the MCRC, which includes members and stakeholders from non-profit and for-profit providers, universities, over 100 federal, state, and local criminal justice agencies, and other community partners.

# Past Attendance and Feedback

## Attendance

**2019 Conference: 316** from approximately **149** agencies

**2018 Conference: 377** from approximately **157** agencies

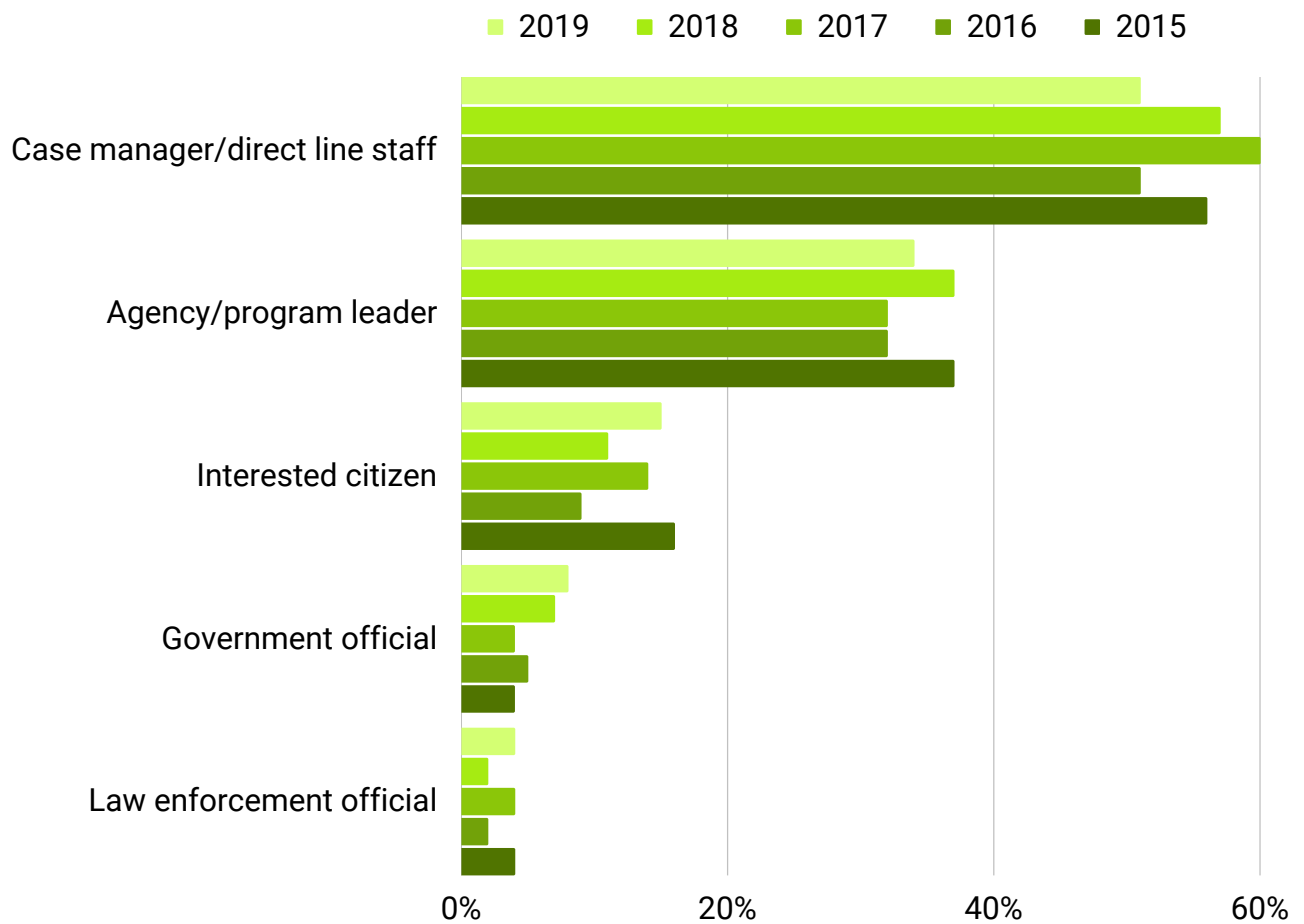

**2017 Conference: 333** from approximately **215** agencies

**2016 Conference: 316** from approximately **146** agencies

**2015 Conference: 367** from approximately **172** agencies (different venue)

**2014 Conference: 306** from approximately **155** agencies (different venue)

## Attendees by Sector

## Feedback

Feedback surveys from the past five years indicate that progress has been made in reaching the primary goal of building capacity. The average responses from past surveys reflect that attendees agreed that their knowledge and skills in re-entry work increased, that they valued the networking opportunities, and that they would like to attend a similar conference in the future.

### Conference Satisfaction
